

# BioDesign Research

A SCIENCE PARTNER JOURNAL

## Call for Papers

**BioDesign Research**, an official journal of **Nanjing Agricultural University** and open access journal published and distributed by the **American Association for the Advancement of Science (AAAS)**.

**BioDesign Research** publishes high quality breakthrough research, reviews, editorials, and perspectives focusing on in silico biosystems design and genetic/epigenetic modification or genome writing or rewriting in any organism.

**BioDesign Research** is dedicated to information exchange in the interdisciplinary field of biosystems design. Its unique mission is to pave the way towards the predictable *de novo* design and assessment of (re) engineered living organisms using rational or automated methods to address global challenges in health, agriculture, and the environment.

Now, this journal is indexed in CNKI and DOAJ.

### Editors-in-Chief

Xiaohan Yang, PhD, Oak Ridge National Laboratory
